# Chairman's Message

Since I last wrote in this column we have had what I consider to be one of the most important meetings in the history of Tattersall's. Important because its implications and repercussions are so wide, far-reaching and important to our organisation.

I refer, of course, to the extraordinary meeting at which members were asked to accept or reject the Club Improvement Plan of which you have heard so much over the last twelve months.

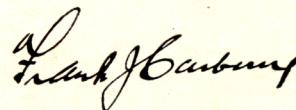

It gave me and your other committee members a considerable amount of satisfaction to see the plan accepted by so overwhelming a majority as to be almost unanimous.

This satisfaction arose from the fact that such acceptance clearly indicated that we had interpreted your collective wishes correctly in putting forward

such a project in the first place and subsequently bringing it to its final plan.

With its approval our path has been pointed in the direction of progress and we will now be enabled to improve our facilities considerably and increase our membership to take advantage of them.

Our next task is to implement our plan and steps are already being taken in this direction. From now on then we can all look forward to a period of advancement; of improvement and expansion which our reputation as one of Australia's senior clubs so rightly deserves.

## GEOFF EASTMENT IN JAPAN

When this item went to press, Committeeman Geoff Eastment was in Japan. He had gone there on a trip with Norm Clark, who is featured in Man-of-the-Month in this issue. No doubt building projects will be the subject of many conversations during the trip. With Geoff and Norm are their wives, and members wish them all a happy and instructive holiday.

## RENDEZVOUS IN THE WEST

Our good friend Bruce Kennedy really decided to leave the cares of the city behind him when his vacation came up last month. Temporarily forgoing the pleasures of his boat, he packed his fishing rods and guns into his car, hitched a caravan to it, and headed off into the "wild blue yonder." Bruce had no plans, except one, and decided to let the roads lead him wherever they would. Bruce's one and only plan was a rendezvous with Bill Sellen in Nyngan, whither Bill was heading for the local race meeting. Although both will be back by the time this reaches print, our copy deadline precluded us from getting a report on the trips. However, we sincerely hope both enjoyed their vacations and that they were all they hoped they would be.

## 40 YEARS IN HARNESS

These days a working life of forty years is something of an achievement in itself, but a working life of forty years with the one firm is something of which to be really proud. That is exactly what our well-known member, George Carlos, celebrated on the 10th of last month—forty years with Distillers Agency Ltd., the firm with which, naturally enough, his name has long since become synonymous. Your host of friends here at Tattersall's heartily congratulates you on your 40th "working birthday," George, and wish you many more of them for the future.

## HOMER JONES BACK IN CIRCULATION

It was a real pleasure to see Homer Jones back in the Club again after his recent illness. It will be remembered that Homer spent some weeks in the Prince of Wales Hospital at Randwick where he underwent an operation. However, he is now back in harness again and feeling fine. In fact, in Homer's own words, he's "better than when he went in." Your fellow members are delighted to know of your recovery, Homer, and wish you the very best of health for the future.

## THE RIGHT TIP

At the Coral Sea race meeting at Rosehill on Saturday, 3rd May, it was member Dan Calman's pleasant duty to assist his fellow S.T.C. Committeemen in entertaining the American officers who were the guests of the day. One of these was Captain Roemer, from the mighty U.S. Carrier, "Coral Sea," and naturally Dan was doing his best to pick the Captain a winner or two. When the Coral Sea Cup came around, Dan suggested Kamikaze as being most appropriate, for it is a matter of history, of course, that the Japanese suicide pilots of that name were rampant in the Coral Sea. All duly placed their bets on the race, and when Kamikaze was beaten to the post, Dan went over to commiserate with the Captain, who looked anything but unhappy. It turned out he was born and bred in Oakland, California, on the basis of which he backed the horse by that name, which duly got up and won.

## MEMBERS FILL 47 CLUB PRESIDENCY

It was a case of "off with the old and on with the new" last month when Tattersall's member Os Bates handed over the Presidency of the 47 Club to Tattersall's member Reg Reid. The 47 Club, as those in the industry know, is an organisation comprised of people in the motion picture business. Os has done a sterling job for the club during his twelve years as its Secretary and two years as President. Os said on his resignation that though he intends to work

as hard as ever he did for the Benevolent Society functions in the raising of funds for this worthwhile cause, he would like to see some new blood in office. 47 Club members presented Os with a set of bowls on his retirement in appreciation for his work for the Club. Reg Reid now has the reins in his capable hands and we wish him every success in his important office, while congratulating Os on his contribution to the industry's organisation.

## "HE DOES IT AGAIN"

Johnnie Holmes is gaining quite a reputation in our club as a fishing expert. During the Easter holidays, in company with Arthur McCamley, he journeyed to Narooma, on the South Coast, for a few quiet days and, perhaps, a little fishing. This time it was not the size of the fish caught, but the numbers. On Easter Sunday, in company with six other companions, they set out in the early hours of the morning on the fishing trawler. When the trawler reached the grounds, after a seven-mile trip, fishing commenced and by about 10.30, when the party had to leave because of a southerly wind, they had over 300 flathead in the baskets. Arthur said he had never seen such a quantity of fish caught on handlines. (This did not include the 2 lb. flathead which Arthur threw over the side in his efforts to get it off the line.) The trip ended with our Club pair in charge of the trawler, guiding it into the teeth of a southerly gale, which the unimaginative would describe as a strong wind, whilst on the deck the rest of the fishermen and the crew cleaned the catch. The language as Arthur and Johnnie ploughed her into the waves, half-drowning the rest with spray, was most unflattering. It was a grand day out and, as a result of it, Johnnie's reputation in our Club as a fishing expert is at the very peak. And, by the way, wonder of wonders, neither Johnnie nor Arthur was seasick.

### TO STUDY CATTLE OVERSEAS

Studying overseas studs will be the main purpose of a trip which well-known member, Harold Fletcher, is presently taking to England and Europe. However, the trip won't be all work and no play, for Harold is taking his wife, "Paddy," and his daughter, Ann, with him. In fact, they preceded Harold by two weeks, and he joined them in England. The Fletcher property is well known as a Merino and Red Poll stud. It is Kentucky Station, at Kentucky, N.S.W., and is one of the best known in the district. To Harold and his wife and daughter, we send best wishes for a very happy trip and a safe return to our shores.

### NAUTICAL MEMBER

In his capacity as Commodore of the Royal Motor Yacht Club of N.S.W., member Fred Harvie finds himself associating with many well-known and famous personalities. None could have been more so than his official guest at the Yacht Club some weeks ago when the Governor-General, Lord De L'Isle, performed the opening ceremony at the new £70,000 clubhouse at Rose Bay. It must have been a proud day for Fred to see his Club's plans come to fruition and we send best wishes to the R.M.Y.C. on their new clubhouse through our mutual member, Fred Harvie.

### 80th BIRTHDAY COMING UP

There's no doubt that one of the most colourful figures around our Club is the effervescent and ever-youthful Manny Lyons, whose love of life and sense of humour could well be a model for most of us. Manny's history is steeped in the tradition of racing and the sport is in his blood. On the 27th of this month, he celebrates his 80th birthday, from where he can look back on four-fifths of a century of happy associations and firm friendships far more numerous than his years. Your Tattersall's friends salute you, Manny, on this occasion. They wish you a happy birthday, and many, many more in the years to come.

## SEASONED TRAVELLER

Off on a tour of England and Europe for the fifth time in half that number of years went our genial member, Russ Williams, last month. Accompanying him was his very charming wife, Kath, and both were looking forward to an interesting trip. They left on the new Italian liner, Galileo. The trip is to be a combination of business and pleasure, for Russ is Managing Director of C. Harford and Co., and intends to study the meat industry overseas. Your Club friends wish you and Kath a happy trip, Russ, and will be looking forward to seeing you when you return.

## NOSE HEAVY

No one who knows our jovial member, Bunny Durkin, would call him thin and his reputation in the opposite direction was really sealed among his friends the other day in a most convincing way. He, Reg Lennie and Frank Quinn, were going for a day out on Frank's launch. To get out to it they all boarded a small dinghy at the wharf. Bunny was instructed to move forward to make room for the others, which turned out to be a most unfortunate request, for when Bunny reached his destination the nose of the dinghy sank sharply and our three members finished in the water.

## ON AND OFF THE SICK LIST

We're sorry to have to report that Keith Manion was knocked down by a car last month and is now in hospital. We haven't news of the extent of your

injuries, Keith, but we all hope they are not too bad.

Another of our members who is presently in hospital is Ross Alexander. To you Ross your many Club friends send best wishes for a speedy recovery and an early return to the Club.

Good news is that Allen Alexander is now back in the Club again after his recent operation. Allen is as bright as ever and it's a real pleasure to see him well again.

Our best wishes for good health go to all sick list members about whom we have not had items sent in.

## PARKING

In reply to many requests the City Council has decided to open its Goulburn Street parking station until midnight. This will be commenced immediately and will be carried out on a three months' trial basis.

It is hoped that members will make use of these facilities whenever convenient, as the amount of business during this trial period will no doubt influence the Council's decision on the permanent late opening of the station.

## YACHTING SUCCESS

Congratulations go to member, Ron Wilmot, this month for his win in the Port Jackson to Port Hacking Junior Offshore Group Yacht race. This was for boats under 24ft. at the waterline. Ron's entry "DEVA" won by quite a margin finishing 15 minutes in front of its nearest rival. It wasn't all plain sailing for Ron as seas were rough, there was rain and mist and a 25-30 m.p.h. wind was blowing. A great win, Ron. Keep up the good work.

# Club's James Barnes Made History

Sydney, the world's wettest capital city, turned on its worst weather for Tattersall's Club's James Barnes Plate day on Saturday, May 18, but the occasion made Turf history in an unexpected manner.

For the first time in more than a century of racing at Randwick, weather forced the abandonment of the meeting after four races had been decided, leaving three events undecided.

Warwick Farm, Moorefield, Kensington and Canterbury had had similar experiences in the past, but never before had it happened at Randwick, headquarters of the Turf.

Still, the day had its compensating factors.

An attendance of 16,000 was better than might have been expected for such an unpropitious day, and racegoers saw Maidenhead and The Dip repeat the Sydney Cup places by running first and second in the feature event, the James Barnes Plate.

Connections and racegoers thought the mile and a quarter would prove too short for Maidenhead. She had not started since her two-mile Sydney Cup success.

Consequently, there was a startling price-drift in which her quotation eased from 11/2 to 14/1. Connections of The Dip were also uncertain about his first start after more than a month interval from the Sydney Cup. The Dip opened at 4/1 and the boards quoted 8/1 nearing the end of betting. The result proved that the price drifts notwithstanding, you can't keep good horses down.

Both were far back in the ruck in early stages of the race. The Dip was sixth round the home turn, and Maidenhead seventh. Maidenhead's jockey, A. Horn, took her wide to the extreme outside, and probably this won the day.

There is a high ridge along Randwick straight which drains more effectively than the rest of the track and Maidenhead found this ridge and raced away to an eight lengths win. The Dip, floundering under his 9-9 nearer the false rail, was anchored, but gamely struggled on into second place, with Oakland, another gallant battler under his 9-8, in third place. So the best three stayers surmounted all mud difficulties

and filled the places, while the light-weights who had been picked because of their handicap pull were conspicuous for their absence from the fighting line when the winning post loomed up.

For an unfancied candidate, Maidenhead's run was remarkable. She won the Sydney Cup with only 7-4 on her back, including 4 lb. overweight, but in the James Barnes her weight had risen to 8-6. This did not seem to bother her, and the 8-2 she has in the £20,000 Brisbane Cup to be run on Monday, June 10, should give her excellent prospects. She is a remarkable mare who keeps improving with age. She is six years old, but did not begin racing until four, and consequently has all her vitality stored up for long-distance racing at an age when most mares who began early are on their way out.

The Dip is only four years old, but he, too, has been lightly raced, and consequently continues to improve with age. The Dip is handicapped at 9-4 for the Brisbane Cup and is so fit that he will again take a ton of beating.

Time for the mile and a quarter in the James Barnes was 2m 22 3-10s. This is the slowest mile and a quarter in history in the writer's opinion, and affords an indication of just how wet Randwick's course proper was for that Saturday's racing.

In view of the circumstances, it looks as if the Stewards and A.J.C. Committee did right after a conference in their decision to abandon the rest of the programme. The decision met with criticism, but if the officials had continued and there had been a racing smash, which was right on the cards with the

*Our Fun, a 66/1 chance, gets the upper hand in Tattersall's Juvenile for fillies at Randwick on May 18.*

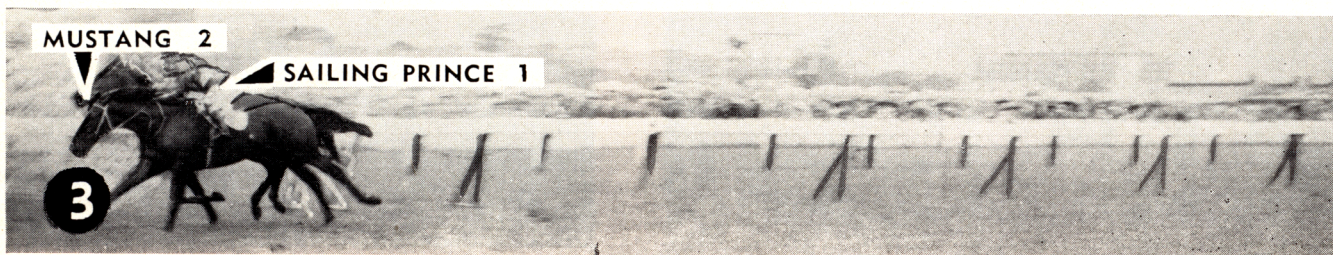

course under water in parts, there would have been a loud outcry in which officials would have faced the sole blame.

An interesting facet of the day's racing was the success of a two-year-old aptly named for the day, Sailing Prince in a stern battle with Mustang over the concluding stages of the gruelling mile course. Sailing Prince is raced by one of Sydney's most popular turf families. He runs in the nomination of Mr. and Mrs. W. J. Bradshaw and their daughter, Mrs. J. G. Barnes. Mrs. Barnes is married to a son of the late James Barnes, for whom the feature race was named, so it was a real Barnes day — just what the Club could have wished for a man who did so much to put Tattersall's Club at the pinnacle of all Australian social concerns.

Official guests Abe Landa and Reg Downing flank Chairman, Frank Carberry, at our luncheon with Treasurer, Alick Buckle, and Committeeman, Alf Collins.

Peter Barnes, representing the Barnes family, presents the James Barnes Trophy to Trainer K. Cantrell, who accepted it on behalf of Maidenhead's owners, while winning jockey, A. Horne, and Tattersall's Secretary, L. Binns, look on.

A group of members smile happily over lunch, despite the weather.

# Wet Ma Didn't Damp

Although the weather was to prove a damp squib for our Club's May Race Meeting at Kew, the rain did not dampen the spirit of the occasion.

Our luncheon boasted a full roll of members and official guests present all held their own in the face of the racing. Such was indeed the case in the face of a torrential downpour later in the day, but the interests of the safety of both jockey and horse were paramount.

However, before racing finished, the James Barnes was run and won by the favourite, the James Barnes.

The fact that our meeting had been a success to most of those present it was obvious.

In spite of the premature end to the day and the usual carnival spirit which was much in evidence, as can be seen by the photographs.

Chairman, Frank Carberry, entertains at the cocktail bar.

# Presentation Dinner Great Success

Tuesday evening, May 7th, saw the members of the Handball Club gathered together for a very happy evening to celebrate the various activities and events which had taken place during the past year.

There is no need for me to tell you that the Handball Committee did a marvellous job, particularly our secretary, Norman Rogers. Norman did not miss one trick with his organization. Handball committee men Arthur McCamley and Sam Block were at the entrance to the fourth floor Lounge to welcome the visitors and the members. The visitors' list included:

Frank Carberry, Chairman of our Club; Alick Buckle, Treasurer of our Club; Jack O'Neil, Committeeman of our Club; Johnnie Norton, Committeeman of our Club; Bill Sellen, Life Member of our Club; John Dexter, Life Member of our Club; Mr. Perce Galea, father of our champion; Clive Hoole, Swimming Club official; Arthur Browning, Donor of Good Idea Prize; Tom Dwyer, Johnnie Holmes, Harry Buttel, Members of our Club.

After Cocktails (and various other concoctions including common beer), the tables were arranged and the chef and staff served dinner. The toastmaster for the evening was Arthur McCamley. After the Royal toast Arthur gave a warm welcome to the visitors and Frank Carberry, our Chairman, replied. He thanked us for our invitation to be present, and took the opportunity of telling the gathering some of the improvements which were to take place if the new development plans were passed (we are happy to report that the members passed these proposals on the following night). Later in the evening this was supported by our Treasurer, Mr. Alick Buckle.

The party then settled down to the prize-giving.

The Championship Prize for A Grade was presented to Bruce Galea and to

Runner-up Norman Rogers by Sam Block.

The Championship Prize for B Grade was presented to Syd Kay, and the Runner-up Prize to Jim Comans by Eddie Davis.

The Championship Prize for C Grade was presented to David Morrissey, and the Runner-up Prize to Ron Spencer by Bruce Partridge.

The "Good Idea" Trophy was presented to Bruce Partridge and the Runner-

up Prize to Robert Lipman by John Dexter.

The "Most Improved" Player for the season prize was presented to Arthur O'Connor by Zade Lazarus. The "Winooka" Trophy was presented to Bruce Galea, and the Runner-up Prize to Bill Hannan by Peter Lindsay.

The donors of these prizes are:

A Grade Championship Prize—George Goldie; B Grade Championship Prize—Eddie Davis; C Grade Championship Prize—Bruce Partridge; Good Idea Trophy Prize—Arthur Browning; Most Improved Player Prize—Malcolm Fuller; The Winooka Trophy Prize—The executors of the estate of the late Joe Matthews, Mr. Ted Forrest and Mr. Steven Blau.

All prizes for the runners-up in each competition were presented jointly by Mr. Les Tidmarsh and Arthur McCamley.

To these gentlemen go the sincere thanks of all the competitors of the Handball Club. Without the incentive which these prizes create we are sure that the enjoyment of the matches played would not be nearly so great.

Several members who were looking forward to the evening unfortunately could not attend and apologies were received from Les Tidmarsh, Alf Collins, Barney Fay (all in Newcastle), Geoff Eastment (overseas), David Keating (cable from U.S.A.), Bill Kirwan (sud-

den illness). Tom Abernethy (Wagga's oldest teenager). John Devitt, Malcolm Fuller, Bob Lipman, Eric Comrie-Thomson.

The highlight of the evening was Sam Block's recitation of "Unknown Racing Poem." He had to stop riding twice in the straight, but I am happy to report that he eventually finished the course. At one stage I thought that he was going to

fall off and let the horse come home on his own. Nevertheless, Sam, it was a very good effort. I feel sure that you must have weighed in a couple of pounds overweight next morning.

The evening closed about 11 o'clock, and a good time was had by all.

A word of thanks to Tattersall's Club secretary and his staff for their co-opera-

tion at all times. The drinks were perfect. The food was out of this world. The service was excellent. To you, Lyal, and the other members of Tattersall's Club staff who made our evening such a success, we say thank you very much.

Oh! By the way, we do have a handball competition going at the moment, but I will report that in next month's note.  
"Cheerio."

## ***Bowling Section Back to Normal***

With the weather back to normal the bowling section was back to big attendances again. The first fine day and on Thursday, May 23rd, saw a better-than-average thirty players.

Trophy winners on May 16th were Bernie Curran and Max Gallagher from Orange Newstead. On May 23rd, winners were Bert Levey and Len Catts.

Big event this month is the Annual General Meeting. It's to be held on the fourth floor at Tattersall's at 3 p.m. on Monday, 17th June.

It is anticipated that a big change will be made in the executive and some surprises are anticipated. President Ken Williams has signified his intention, through ill health, not to stand this year, and the big tip is that Harold Hill will be elected. The secretary is another office which will be vacant, as Lew Moss is retiring too. The tip is John McKell who, no doubt, would do a very good job.

Other offices could also benefit from a change, and surprises could be the order of the day at the Annual General Meeting.

Anyway, don't forget: Monday, June

17th, on the 4th floor, at 3 p.m. The meeting will be only for half an hour, after which the President asks all members to join him at the bar when free drinks, cocktails and buffet will be had by all till after 5 p.m.

There is no doubt that as in all bowling clubs the main contention is the selection of teams. While it is almost impossible to please everyone, there must surely be a system that will please most.

One hears time and time again protests as to cliques and protests about the same players playing together every day. This, in a club like Tattersall's, should not be. It appears to me that the selectors should grade players in their respective places as leads, seconds, thirds and skippers. An open draw should then take place. Then surely there could not be any cause for complaint about getting a bad game, as everyone could be changed round from day to day.

## ***CAMERA CLUB***

.....

The Inaugural Meeting will be held on Wednesday 26th June, at 5.30 p.m. A general discussion and the election of Foundation Officers, of the Club, will take place. Refreshments Provided.

For any further details, contact Lyal Binns, Secretary.

.....

# ***NEW STAFF APPOINTMENTS***

A staff re-organisation to provide members with better service was announced recently by Club Secretary, Lyal Binns. This concerns Ernie Bowen who has been promoted from head waiter in the dining room to Club Supervisor, and the appointment of Miss Jeanne Jennings as Dining Room Hostess.

In his new position, Ernie will be responsible for all special functions for members and will take in various other duties.

Miss Jennings will be responsible for the dining room.

Both Ernie and Miss Jennings have excellent qualifications for their jobs.

## **ERNIE BOWEN:**

Ernie, who started at Tattersall's twenty-three years ago with the admonishment that he was not to look upon his job as permanent, is still with us today. Over those twenty-three years, Ernie has not only proved himself to be an outstandingly efficient, pleasant and helpful employee, but has gathered extensive experience in the Club's operation. He has worked in all departments of the Club, and has filled most positions in a relief capacity.

His last seventeen years with us, his duties have been mainly connected with the service of liquor and latterly with the management of the dining room.

Ernie is a foundation member of the Wine Service Guild and was elected committeeman in 1960. In 1962, he was made an Associate Member of the Hotel Catering Institute.

Such experience and qualifications will obviously make Ernie a valuable asset in his new capacity and a great help to members.

## **MISS JEANNE JENNINGS:**

Miss Jennings has had wide experience in the catering field. She comes to us from the Royal Aero Club where she held the position of Club Hostess and Supervisor. In this capacity she did a great deal to improve the club restaurant and introduced many innovations.

Miss Jennings' career included a five-year period as an Air Hostess on both interstate and overseas airlines. She has also owned her own restaurant and has worked for the Hotel Association in an administrative capacity.

There's no doubt that Miss Jennings' knowledge and charm will be a great asset to our dining room, and members wish her a happy stay with the Club.

# CORRICK-COMANS ANTICLIMAX

The hectic struggle between Ralph Corrick and Jim Comans for the last Point Score honours ended in an anticlimax when the deciding race saw Comans disqualified for going before his time, leaving Corrick the victor.

Ralph can now go away on his overseas trip with the sure knowledge that he will have a trophy when he returns and that's made him very happy.

The lapse by Comans cost him a place in the Point Score, as Gordon Williams, Alex McLelland and Bruce Cameron all beat him to the post and finished closest to Corrick.

In the current series, with one race to complete it, a great tussle is going on with John Brice leading Bruce Cameron by a point. These two have had a very good month.

The word is that Brice has been putting in a lot of solid work, swimming miles in training, a real Olympic preparation, and he has certainly shown results. A first, a second and a third in finals has been his tally in the last three races, and we saw him give John Dexter a terrific shock recently when, after being headed, he came again to snatch victory from the shorter marker.

Bruce Cameron, too, is going great guns with three final wins out of his last four races, despite the fact that he has been docked a second in his handicap.

Another who has been swimming really well is Gordon Williams, but he just doesn't have any luck in the point scores. He is swimming under 22 seconds consistently, but anticipation in starting in a recent race cost him three points as the check starter put the finger on him and he was "outed."

An interesting and very welcome newcomer to the swimming ranks during the month was Keith Cross who is best known for his performances as an international Rugby Union footballer from Randwick Club. With Keith and David Emanuel we've now got the nucleus of a good Union side.

Keith has had a couple of races and in his second attempt he swam second in the final to Col. Bowes.

Talking of Col. Bowes reminds us that we haven't heard his regular "last again" story as he has come good with two major placings in finals recently, and is lying third in the current point score. Looks as if he might land one at last.

John Utz is back in the Pool again after a hectic rush around the world for eight weeks. He picked up a cold on his travels and couldn't beat it fast enough for the hot room to sweat it out of him.

Last issue we reckoned that Alan Hickey would go well when he learned

to start properly. Whilst he has come good in that respect his turns are costing him victories as with a good turn he would have been a certainty in his last final.

Best times of the month were 20.4 Ken Humphery, 21.1 Terry Forrest, 21.6 and 21.8 (twice) Gordon Williams, 21.7 John Dexter and 21.9 Les Foley.

With only five more races to complete the handicap season the result of the 1962/63 "Native Son" Point Score is well defined, as John Dexter has an almost unassailable lead of 13½ points over Ken Humphery who lost a lot of ground during the month.

The tussle for the minor places is full of interest, and Ken will need to get a hustle on to hold his second position with Jim Comans only eight points astern and the big danger, Les Foley, only three more away. Foley is swimming particularly well and has the advantage of not having lost a second from his handicap as Ken and Jim have done.

The last of the handicap races of the 1962/63 season will be on 25th June, and the season will close with the Club Championship, which will probably be held on 2nd July, heats, and 4th July, final.

Watch the notice boards for the definite date, but the above are pretty sure to be correct.

Congratulations to the Handball Club on its excellent Buffet Dinner and Presentation of Trophies. A large attendance, including the Chairman and most of the Committeemen of Tattersall's Club thoroughly enjoyed the splendid function.

It goes without saying that the swimmers were there in force. After all, handballers and swimmers are one and the same.

Secretary Norm Rogers deserves great credit for the show. He has been away at Surfers' Paradise with his family and we trust he had a good time.

Another Pool identity, Starter-Judge Sam Block, is going to Queensland mid-June for a well-deserved break.
